NUT TREE NURSERIES

JOHN W. HERSHEY, Owner
Downingtown, Pa.

This Nursery is National Headquarters for Information on Scientific Tree Crop Culture—The salvation of our hills.

Get Rich without plowing. Grow crops on shade trees.

"Plant until you're Planted"

MAR 12 1956
U.S. Department of Agriculture

**WE DON'T GROW TREES TO SELL
WE SELL TREES TO GROW**

Idle People + Idle Money = Prosperity

Idle Acres + Tree Crops

NOTE: We have some over sized trees, especially Oak, Chestnut and Black Walnut too large to pack.

See last listing of each variety.

CHESTNUT: Planted '48, bearing on poor sand. This 4 acre planting is rapidly growing to where it'll help lift the mortgage. The Lord knows we'll never do it with the nursery. That's just helping America. Don't quit farming because there's no money in it. Sell your overstock of equipment—put the money in crop trees. Grow your feed cheaply. You'd be surprised.

**CONSULTATIONS BY APPOINTMENT.
READ INSIDE PAGE BEFORE ORDERING.
WE WROTE IT TO HELP YOU.**

NOTE—LOCATION—4 miles Northwest of Downingtown at Guthrieville on U.S. Route 322 (Horseshoe Pike.) Turn north at stone school house $\frac{1}{4}$ mile past Guthrieville, third place on left. Coming from the West turn left second road past the old Manor Church. From super highway, get off at Downingtown, follow signs to Eagle, turn left at hotel, continue about $6\frac{1}{2}$ miles, see young nut grove on left, turn in, first farm on right. **NO SUNDAY BUSINESS.**

CALL CUSTOMERS:—Please mail or phone your order ahead. We're geared to mail order shipping. Glad to see you but must fit call orders in. Thanks.

PLANT, PLANT, PLANT.

HOW WELL WILL AMERICA EAT IN 1975

asks the scientist? The answer is—How well will America put her "hill soil" to work. Then what will we eat? Plant "Tree Crops" now and have them bearing when slacked off "plow production" crosses with 20 million extra mouths to feed. Think it over and write me about 10 or 100 acres of chestnuts.

CAN A FARMER CONTINUE IF HE ONLY CONSERVES HIS COWS, CHICKENS AND SEED? CONSERVATION IS NEGATIVE.

Make your slogan "BETTER THINGS FOR BETTER LIVING THRU LIVING THINGS." Let's go America. THE HERSHEY WAY. This folks is the starting at the beginning of—growing our trees in proper soil, organically managed. Then selection of seed for understock and scions to graft with.

Take advantage of quick production by setting our large healthy trees organically grown. It'll help you get rich without plowing. Here, on America's No. 1 Tree Crop farm, we find 8-10 ft. trees 5 yrs. ahead of small trees in 3 yrs.

NEXT STEP—We cut the tops—the branches—in short "the brush" off them to balance with the roots sheared off in digging, to give them a chance to start for you. Then dip in a costly wax to keep them from drying out until started.

All these things—plus our 30 years of experience in progeny testing makes just one place to buy better nut trees. That's here.

PLEASE NOTE: That crook in the stem of the tree is the "Hall Mark" of quality. If it isn't there, your tree isn't grafted.

Let us continue to serve you. Thanks for your many good wishes and the same to you.

TERMS

Prices subject to change without notice.

We like cash with order except where special terms are arranged or from old customers with good credit.

All prices f.o.b. Nursery. Orders up to \$5.00 of small size stock can be mailed—add 13% for all orders to be prepaid. 20% West of Miss. **Minimum prepaid cost** for express \$1.85.

Prepaid shipments are only made for the accommodation of the customer. Extra charges on heavy or distant orders must be paid by the customer.

Express, delivers in half the time—few losses. Freight is best for heavy shipments.

Our responsibility for transportation ceases when shipment has been delivered to the hands of the carrier (or transportation agency).

No order where an affidavit must accompany invoice will be considered for less than \$10.00.

✓ **Chestnuts (Chinese) *Castanea Mollissima***

Sweet, delicious, Blight resistant.

Will not thrive on damp or heavy soils.

Set 40 x 40 feet for orchard 28 per acre.

Plant two for pollination. Bears 3-5 years.

These are the finest, heavy calipered largest sized quality trees offered in America.

A sprinkling of nuts cover the block.

They come so nearly true from seed, we recommend the planting of seedlings for home and commercial use. A large field awaits the use of the Chestnut for marketing and hog feed. I've planted 300.

One man reported his 21, 13-year-old trees bearing 1,836 lbs. Want in on it?

A most marvelous opportunity awaits the planters of these blight resistant chestnuts. But remember. We're selling you lawn beauty and nuts or a good bank account in a commercial planting. Trees grow low-spready, with a tendency to crookedness. Don't buy if you prefer a straight clothes tree to future beauty and nuts.

Such bearing just makes me dance in anticipation of the day our 300 trees will be doing the same. Sold 300 lbs. last year and didn't seem like many trees bore. Gosh what futures.

Remember we have no competition these are the tops in quality.

✓ **ABUNDANCE SEEDLINGS**—We are proud to be able to offer this rare superior selection. It would thrill you to see this block of three year chestnuts growing in spite of three years draught.

The very, very best 1 and 3 year old. Six at dozen rate. 50 at the hundred rate.

Chestnuts: Abundance Seedlings:

	Each	Dozen	Hundred
8-15 inches one yr.		\$ 8.00	\$ 45.00
1-2 ft., 3 yr.....	\$1.25	12.50	90.00

8-10 ft.....	5.00	50.00	370.00
8-10 ft., extra heavy.....	6.00	60.00	425.00

SPECIMEN SIZE 3-3½ caliper, 15-20 ft. very heavy. We've had reports of these setting fruit the second year from planting. Loaded on trucks only, or delivered. \$10.00 each or \$100.00 per dozen. A few extra heavy \$15.00 each. Many of these are spaced for balling if you can get a landscape man to do it. We are not equipped to ball.

THOSE DRATTED GRAFTED CHESTNUT

I have 4 acres of grafted trees. They really thrill you the way they load themselves from childhood. N' you need the thrill to counter balance the "let down" as "so many" dies each year. Plant our sturdy seedlings.

✓ Japanese Chestnuts—*C. Crenata*.

Good bearers. Large nuts

Poor flavor—Great game food

5-12 ft.—Prices same as Chinese Chestnut.

✓ Chinquapin—*C. Pumila*

✓ **Rush**, tree form, grows probably 25 ft. Nut good size for species. Plant 2 for pollination.

	Each
1-2 ft.	\$1.50
2-3 ft.	2.00
3-4 ft.	2.50

Grafted Thin Shelled Black Walnut—*Juglan Nigra*

The black walnut has been called the "king of the forest", my wife says it's the "King" of the kitchen. Nature has done the favor of supplying it in a thin shelled package, easily cracked. If you're tiring of the "rat race" of spending every thing you make toward a "living," you can start choking the speed by planting nut trees on your lawn for lots of food, and plant plenty of black walnuts—they're the best.

Varieties

✓ **Thomas**, the leader and all around nut.

✓ **Elmer Meyers**, the more I see of this nut the better I like it. So's my customers. For those who like the Stab'er, this will take its place—is as thin-shelled, better bearer, better kernel. Sold out.

✓ **Ohio**, most ornamental fo'iage. Best bearer with poor care.

✓ **Cornell**, (my introduction) a new northern selection of Thomas seedling. Cornell says Cornell matures its nuts at Ithaca in cool summers when native trees fail. Cracks as well as the Thomas. Try them especially in the north.

NOTE: Are very short on Thomas and Ohio in 3-5 ft. size. Will substitute with Cornell when necessary, (about as thin shelled as Elmer Meyer) Thanks.

	Each	Dozen
3- 5 ft.	\$4.50	
5- 6 ft.	5.00	
6- 7 ft.	5.50	
7- 8 ft.	6.50	\$65.00
8-10 ft.	7.00	70.00
10-12 ft.	8.00	80.00

10-12 ft. extra heavy.

For truck loading only. 10.00

Black Walnut Seedlings—Selection Thomas strain.

	Each	Dozen	Hundred
12-18 in. in one year.50	\$ 5.50	\$40.00
2- 3 ft.	1.00	10.00	

Cut Leaf Black Walnut: ✓ Keystone Variety.

	Each
6-7 ft.	\$ 8.00
8-12 ft. heavy just a few mention sub.	10.00

✓ **Butternut**: *J. Cinera*. Select Seedlings. A pretty common cracker.

	Each	Dozen
2- 3 ft.	\$ 1.25	\$12.50
3- 4 ft.	1.75	17.50
4- 5 ft.	2.00	20.00
5- 6 ft.	2.50	25.00
7- 8 ft. ... heavy.	4.00	
8-10 ft. heavy.	5.00	
10-12 ft. heavy for truck loading only.	12.00	

✓ **Grafted Butternuts:** Love, Craxezy. Good cracker for butternut.

	Each
4-6 ft.....	\$6.00
6-7 ft.....	7.00

Eng. or Persian Walnut: (*Juglans Regia*)

✓ **Broadview Variety**

Grafted on Black. Hardy as the black walnut. Originated in Russia. Stands 34 below. Nut large, attractive as the California nut. Bears in 5 to 7 years.

	Each
3- 5 ft.....	\$ 5.00
5- 6 ft.....	6.00
6-7 ft.....	7.00

SPECIMENS: Just a few 10-12 ft., 1-1½ in. calip. \$15.00. 2-2½ in. \$20.00 in ground. Hurry.

✓ **Paw Paws** (*Asimina Triloba*)

Am pleased to offer seedling at the following prices Don't have many roots but will grow with care.

Plant 2 for Pollenation.

	Each	Dozen
2—3 feet.....	\$.50	\$ 5.00
3—4 feet.....	1.00	10.00

Filberts (*Corylus Avelana*)

(plant two for pollenation)

Bears 3 to 5 years—18 feet height

✓ Barcellona, ✓ Nonpareil. Pollenators ✓ Davianna and ✓ Du-Chilly. Do extra well in moist soils but grows anywhere.

	Each	Dozen
3—4 ft.....	\$2.00	\$20.00
4—5 ft.....	2.25	22.50
5—6 ft.....	2.50	25.00

Hybrid Filberts (*C. Mildredii*)

Plant two for Pollenation.

Our observation of the hybrids has been, surer bearers. Hardier than filberts in far north. Try them.

First prize winner at the famous Penna. Farm Show.

✓ **Bixby**, and several numbered varieties.

	Each	Dozen
2-4 ft.....	\$2.75	\$27.50
4-6 ft.....	3.75	37.50

✓ **American Hazels** (*C. Americana*)

Better bearers than others but nuts are smaller.

Plant two for Pollenation.

✓ **Rush**, a fine selection of Penna. hazels.

✓ **Winkler**, excellent from Iowa.

✓ **Ky** — Very small nut, sure bearer.

2-4 ft.....	Each \$2.50
-------------	-------------

Filbert Seedlings: Nuts very good. Excellent for hedges, wildlife, and ornamental clumps. Six at dozen rate. 2 yr..... Dozen \$5.00

✓ **Filbert Hybrid: Seedlings.**

Rush: A good old Pa. variety.

Winkler: Hazel seedlings. This is the best American hazel.

Seedlings come near true to type. Where too cold for filberts or for wild life. Plant a lot.

	Dozen	Hundred
One yr., 9-15 in.....	\$3.50	\$20.00

Larger Size: Just a few seedlings of filberts, filbert hybrids, Hazel, 3 to 5 ft..... \$1.50 each

Filbert Hybrids: Specimens. It gives me a delightful thrill to supply finished landscape specimens. Here's a few that's rich. 12, 15 ft. high, 12-15 ft. spread. A beautiful picture. In ground \$25.00.

Shagbark Hickory Hybrids

Hickoria Ovata X Cordiformis

These are really fast growing, sharp stiff foliage, dark green. Nut white, smooth thin shelled. Bears 5-6 years.
 Δ **Fairbanks:** The fastest grower, can pace a maple any day, narrow, columnar.

√ **STRATFORD:** Sold out.

3-5 ft..... Each \$6.50

2 extra heavy bearing specimen 15-20 ft. \$25.00 in ground.

√ **Hège:** shellbark: western scaleybark, bull nut. *H. Laciniata*. A most beautiful, rich dark foliage, tree spreading. Probably the BEST cracker of the species. **SOLD OUT.**

Hardy Northern Pecan—Bears 7 yrs. *H. Oliviformis*

Marvelous for lawns, very ornamental, Bears in 7 to 10 years.

These varieties selected over many years of observation as the best.

Note: These are very scarce but proudly offer more than last year.

√ **Greenriver** and √ **Busseron**, plant two for pollination.

√ **Chief:** A new variety, highly recommended. Just a few 6-7, 7-8 ft.

See prices below.

Hicans. *A pecan X shellbark, cross.*

All hicans are beautiful shiny foliage. All have excellent flavored nuts. Being hybrids are often slow to bear. Let us select the variety that is best for your locality.

These Are Scarce.

BURTON: 3-5 ft., 5-6 ft. only see prices below.

BIXBY: 3-5 ft. only, see prices below.

GIRARDI: Just three trees, 8-10 ft. \$12.00 each. Hurry.

√ **Girardi, Bixby, Burton**

Plant two varieties for pollination.

NOTE: These are very scarce and not very large. Will supply while they last. Ask for substitution.

	Each
3- 5 ft.....	\$ 8.00
5- 6 ft.....	9.00
6- 7 ft.....	10.00

SUGAR MAPLE (*Acer Saccharum*)

This remarkable crop tree, the source of the finest sugar and sirup in the world has been over-looked too long by forester and agricultural expert.

It is most beautiful, drought resistant and rapid growing. The only reason YOU haven't tapped your few trees is because it wasn't brought to your attention in our fast moving society.

	Each	Dozen
4- 5 ft.....	\$1.50	\$15.00
5- 6 ft.....	1.75	17.50

AMERICAN BEECH—*Fagus Americana*.

2-3 feet.....	Ea. \$1.00	Doz. \$10.00	Hun. \$75.00
---------------	------------	--------------	--------------

Honey Locust (Thornless) (*My Introduction*)

Gleditsia triacanthos inermis Sweet pods for cattle feed.

Bears 3-5 years. Famous for growth value.

The agricultural Experiment Station at Auburn, Alabama reports their 8 year trees bore, figured in oats value with 20 trees per acre equal 125 bushels per acre, plus a crop of hay or pasture without cost of annual field preparation, planting and harvesting. Mature trees will grow as much as 300 bushels of Oats food value per acre.

See Complete Food Analysis in \$1.00 booklet.

Millwood—This old variety needs no introduction.

Smith—More hardy for northern planting.

Schofer—Originating at Pennsburg, Pa. is 500 miles farther north than the home of other varieties. Hence it's possibilities in hardiness.

	Each	Dozen
2- 3 ft.....	\$ 2.50	\$25.00

6- 7 ft.....	3.50	35.00
7- 8 ft.....	4.00	
8-10 ft.....	5.00	
12-15 ft. heavy, a few for truck loading only, \$10 to \$15.00		

Ask for hundred rates.

Wm. Penn Oaks—(*My Introduction*)

The most amazing thing about oaks is revealed in my selection work on Penn trees. We found a few trees who's seedlings grow more rapidly than sugar maple. It's amazing

These are the "corn fields of the future." When man grows up to use what he has, he'll **Oak** a mountain ridge, a hill-side, a rocky knoll.

According to production figures of bearing oaks a low of 274 bus. of corn per acre in hog food value can be grown on mts. and steep slopes. You can start YOUR future tax reduction by planting NOW?

Many people insist on a Black, Pin or Red Oak. The **WHITE** is **JUST** as beautiful in the autumn with the addition of—the **BEST** oak timber and the **BEST** acorn for feeding poultry and hogs.

TURKEY—odd, holly leafed, very ornamental.

White Oak (*Q. Alba*)

These have remarkable roots and transplant well. No whips—heavy caliper. Grow faster than maples. Think I can spare you a few hundred. But order early.

4-5 ft.....	Ea. \$3.00	Doz.

Persimmon: Date Plum. *Diospyros Virginiana*

If you don't know these magnificent summer foliaged and colored fruit for autumn effect you're behind in landscaping.

And to have missed the delightful flavor of the fruit—well you can catch after by planting our specimen sizes IF your in a hurry.

↘ **Josephine**, ripens fruit after the middle of September. Sweet, delicious, yellow.

➤ **Early Golden**, comes in a few days later, slightly larger, yellow.

↘ **Garretson**: An October ripener. Probably the sweetest of them all. Recommended by the Geneva experimental station as the best for far north.

↘ **Kitch**: ripe December 1st, small but delicious. This is the prune of the persimmon world. Dries on tree. So high in sugar content you can see the crystals when you break the flesh. Hangs all winter, slowly dropping to the middle of March. Greatest game food you ever saw.

We're nearly sold on these. Will substitute or hold for fall as you wish.

	Each
3- 5 ft.....	\$ 3.50
5- 6 ft.....	3.75

Chinese Persimmons

✓ Okame — ✓ Peiping

And now folks I'm able to offer these excellent, marvelous wonders of Oriental horticulture. You know those large ones you like to buy on the market. These are grafted high to prevent frost burst at ground.

Not recommended hardy north of Southern Penna., Jersey, L. I. and southern Ohio, west.

N' remember these are only for the real lover of growing rare plants—who feel he and a plant are one.

	Each
4- 6 ft.....	\$ 5.00
6- 8 ft.....	7.00

Pears—Blight Resistant, Budded.

Here's a family selection.

✓ **Maxine**—Resembles Bartlett—excellent. And never known to blight. **No whips in Maxine.**

And here's where I get a kick, kidding the public. For 20 yrs. I've offered this marvel at a fair price. They tell me Stark has patented it and you the buyer, are goblin' them up for \$9.00. Now if they don't move I'll raise my price.

✓ **Worden Seckel**—about three-fourths size of Bartlett, flavor Seckel.

✓ **Duchess**—A delightful Fall pear.

	Each	Dozen
3-5 ft. one yr. whips.....	\$2.00	\$20.00
5-6 ft.....	2.50	25.00
6-7 ft. heavy.....	3.00	30.00
7-8 ft. heavy.....	3.75	

Golden Weeping Willow

The most hardy, the most beautiful of all weeping willows. For fish feed set by the pond and stream. Their insect pests are great fish food. Try them.

	Each
3-5 ft.....	\$1.50
5-7 ft.....	3.00
7-10 ft.....	4.00

You busy dairymen who need shade in the meadow and no time to box or care for your trees. Here's your steal. 15-20 ft. I planted one late May in drought along dry stream. Grew like a weed. Truck loading only. Come and get 'em \$15.00 each.

Mulberry Morus—Grafted.

This mulberry business got me down. Intoxicated with my preaching I thot I'd sell plenty, instead I pulled them out.

Now we again have a dandy stand of grafts this fall. So I'll tell you about their feeding value. Our shoats were on half feed during the whole mulberry season; sheep love them, roosters lead the hens to them each morning with a sales talk on laying eggs on a cooling, high sugar fruit diet. Birds are a riot every day in the grove detracting their attention from OUR foods. Squirrels and even crows come to the table. Next year we hope to have enough for US too.

SPECIMEN SIZE MULBERRIES: If you have a local landscaper to dig and plant for you ask for our heavy bearing list of 15-20 ft. trees in 4 varieties. \$25.00 in ground.

✓ **Capsrun**—This is a large fruited everbearer. Hardy, very sweet fruit. Sold out.

✓ **REICHERT**—A new hardy everbearing from S.E. Penna. Fruit about same as Hicks but tree more hardy.

✓ **Hoopes White**—A dandy, pink cheeked, very sweet.

	Each	Dozen
6- 7 ft.....	\$5.00	
7-10 ft.....	6.00	\$60.00

✓ Tree Black Berries

This new and interesting blackberry is supposed to grow—according to the introducer—18 ft. high, bear 7 tons per acre. Fruit large, sweet delicious. Here we find one 3 yr. bush supplies all the fruit a small family needs for 6 weeks.

	Each	Dozen	Hundred
Strong one yr. canes.....	\$1.00	\$10.00	\$50.00

FOR ORNAMENTAL BIRD FOODS.

I offer the BEST in ornamentals. A bird tree is one with thick dense foliage where birds can nest and roost free from predators. The fruit, foliage and design of our selections are extremely beautiful. Put your "raming around" money in such plantings and the family will think their home their heaven and stay to enjoy it. It's the economics of God and no mistake.

BUSH HONEYSUCKLE—Maacki

Folks this is one of the real Bush Honeysuckles. We have it shading our cave and is a glowing show of red berries fall till January. For real beauty with bird feed this is it. Grows 15-18 ft. Try a few.

	Each
Heavy bushes 4-5 ft.....	\$2.50

6- 7 ft.....	5.00	50.00
7- 8 ft.....	5.50	55.00
8-10 ft.....	7.00	

Four, extra special beauties:

12-18 ft. in ground, \$15.00 to \$30.00

European Mt. Ash *Sorbus Aucuparia*
American Mt. Ash (*Sorbus Americana*)

One of the most beautiful small lawn ornamentals. Their attractive fruit grow in large clusters. Not only decorate the home landscape but feed birds, especially quail and pheasants all winter. Must plant 2 for pollination.

No American under 5-6 ft.

	Each	
4-5 ft.....	\$2.25	
5-6 ft.....	3.00	
6-7 ft.....	3.75	
American only:		
8-10 ft.....	Each	\$6.00

Russian Olive
Eleagnus Augustifolia

Gray attractive foliage all summer and miniature olives in fall make it odd and attractive. Excellent for birds and chicken feed. Plant two for pollination.

	Each	Dozen
3-4 ft.....	\$2.00	\$20.00
4-5 ft.....	2.75	27.50

✓ **Viburnum-Lentago (Black Haw)**

We like this bush all summer because of its leathery shining foliage.

Its flowers in late spring extend the spring blooming beauty. Its bunches of blue black sweet fruit nodding in the breezes hangs till January 1st attracts birds by the hundred—children by the dozen. Plant with 25% sawdust. Height 15-18 ft.

	Each	Dozen
1-2 ft.....	\$1.00	\$10.00
2-3 ft.....	1.75	17.50
4-5 ft.....	3.50	35.00

✓ **VIBURNUM OPULUS**
(European Highbush Cranberry)

This richly colored red fruited bush glows gorgeously in the autumn and winter sun. Fruit will hang to early winter if birds don't eat them all. Height 12-15 ft. Plant with 25% sawdust in the hole.

	Each
2-3 ft.....	\$1.00
3-4 ft.....	1.50

THE SYMPHORICARPUS VULGARIS—Coralberry, known as Red Snowberry or Indian Currant

These make excellent low informal hedges to cover rough banks and dry knolls. Flowers not too conspicuous—late spring. Foliage attractive all summer. Coralberries are glorious red ropes of "glow" on pendulous sweeping branches. Decorative middle to late winter. Good spring bird food.

	Each	Dozen	Hundred
2-3 feet.....	\$.75	\$ 7.50	\$75.00
Heavy bushes.....	1.00	10.00	

JuJube—Chinese Date: *Zizyphus, Jujuba*. Sold out. Bears 3-4 years.

✓ Lang, ✓ Li, ✓ Tusoa varieties. Plant two for pollination.

NUTS: We hope to have Filberts, Black Walnuts, and lots of Chestnuts come fall. Get your name in early for fall quotations.

See Book Flyer on—how to make a living without spending "all," doing it.

Grow a tree Bank while you build a soil bank.

BLUEBERRIES BLUEBERRIES

(*Vaccinium Corymbosum*)

✓ HIGH BUSH

Home Grown Blueberries As You Like Them

FAMILY REQUIREMENTS: Six for two. Double the number for the birds, and children.

DISTANCE TO PLANT: five to six feet apart on row. Rows ten feet apart. How many can you use? Six sold at the doz. rate.

CULTURAL CARE: Remember they **must** have light soil and a heavy mulch. If weeds come through pull them.

PLANTING: It's a good thing to mix the soil 50-50. Peat-leaf mold—and sawdust.

Heavy bearing, ✓ Cohansey, ✓ Concord, ✓ Jersey, ✓ Stanley, 5 yr. plants, transplanted. They're lifted with a nice ball. Don't know they're moved. Just keep on bearing.

	Each	Dozen
3—4 feet, extra heavy.....	\$4.00	\$40.00
2—4 feet, heavy.....	3.00	30.00

STANLEY, ✓ RANCOCAS, JERSEY,

These are nice plants priced for mail order trade. Plant a lot and let them grow.

	Each	Dozen
12—18 inches.....	\$.80	\$8.00

L I T E R A T U R E

20 years results in Organic soil management. Saves sprays, saves buying fertilizer, stops water run off. Rewritten 1949.....10¢

BOOKLET: Plant America's "Nut Heritage." A Complete treatise on all "Tree Crops." Shows How To Get Rich Without Plowing. Cultural Data.....\$1.00

How to Graft booklet.....25¢

My Responsibility As A Citizen In A Free Economy—Rewritten September 1, 1955. Free to you.

TRESPASS SIGNS that work. Get your supply for this fall. They're cute. In large letters **Badly infested with Castanea Mellissima, Regia-Nigra—Dangerous.** \$1.00 per dozen mailed.

Please Note: We can not guarantee our trees to grow. Planting instructions are attached to the order. For cultural care our \$1.00 booklet (see back page) will be your guide. Follow it and you'll be proud you planted.

All trees cut back and waxed dipped.

NOTE—We've taken over the Sunny Ridge Nursery.

BOOKS: See enclosed flyer. Don't fail to read "TREE CROPS" as your guide to old age security.

JOIN THE PENNA. NUT GROWERS ASSOCIATION.

It's the nerve center of nut culture in Eastern U. S. We know you want in on the latest, "how to get rich without plowing." For a membership in the association you help yourself to better nut and crop tree culture. For just \$3.00 read the "NUT KERNEL," and the annual report of meetings.

Mail your check or Money Order of just \$3.00 to HOWARD M. OESTERLING, *Secretary-Treasurer*, Marysville, R.D. #1, Pa. **DO NOT MAIL TO**—Nut Tree Nursery. Thanks.
